

TalentEd Student Support

RTI/MTSS plans with seamless support and targeted interventions

Student Support enables teachers to create data-driven intervention plans that support student progress and enrich conversations with parents.

- In-depth progress monitoring tools
- Holistic and flexible
- Graph multiple data points to view student progress
- Monitoring for both intervention and grade-level assessments

Easily track and compare multiple data points side-by-side.

Progress Monitors	Attendance	History	Comments
Show <input type="text" value="10"/> entries Search: <input type="text"/> New Comment			
Date	Author	Type	Comment
06/26/17	Taylor, Pam	Progress Monitor	This quiz covered standards on comparing themes. Will need to focus on this with Mia.
05/19/17	Taylor, Pam	Progress Monitor	This is Mia's first day in the intervention group.

Personalize each intervention by monitoring performance, attendance, and comments through running records.

REVIEW

Instantly review student data, demographics, and non-academic indicators.

IDENTIFY

Easily identify interventions to accelerate student learning.

INTEGRATE

Seamlessly integrate multiple measures into informative charts.

STUDENT SUPPORT MATTERS

- Transparency at district level ensures fidelity of implementation
- Consistency enables district to understand programs that work versus those that don't
- Ensures all students needs are being met
- Interventions are managed at the district level
